VIRTUAL WORKSHOP

18 MAY 2021

INNOVATION IN ATMOSPHERIC SCIENCES

HOSTED BY

ORGANIZERS

SUPPORTERS

This workshop is funded by the European Union's Horizon 2020 research and innovation programme under grant agreements 871115 and 856612 and the Cyprus Government

ABOUT THE WORKSHOP

OVERVIEW

Through a day of sessions, talks and activities the workshop aims to bring together Atmospheric Science communities to discuss the latest innovations in the sector. Expect to find out about new technologies, products, services and instrumentation and access unique opportunities for networking and R&D collaborations.

WHO IS IT FOR

Professionals, researchers and students interested in innovation in the atmospheric sciences.

- **Research Organizations** operating EU Research Infrastructure (RI) or interested in RI data and services
- **Private Companies** offering scientific instrumentation or services to EU RIs
- **Industrial End-Users** looking for new technologies/services
- **Air Quality Networks** interested in enhancing their monitoring capacities.

ABOUT THE HOSTS

ACTRIS is a pan-European RI supporting scientific advances in the field of atmospheric research.

PARTICIPATION

Workshop registration will open in March 2021.

For updates and to register please visit actris.eu/innovation-workshop

CALL FOR ABSTRACTS

The call for abstracts will open in March 2021.

For further information please visit actris.eu/innovation-workshop

EMME-CARE is a Climate and Atmosphere research hub for the Eastern Med & Middle East region.
